COMPLETE SET BRILLIANT UNCIRCULATED GEM BUFFALO NICKELS

This set in our estimation is the most difficult set to complete in gem condition. If you do not think so, check all auction catalogs within the last few years and see how many sets have been offered in gem condition. This series has been very rapidly rising in price and is now bringing two to three times catalog price. We predict a brilliant future for this series. Prices which appear high today will no doubt be low in the very near future.

MORGAN HALF DOLLARS UNCIRCULATED

This series is in great demand, especially in brilliant uncirculated. Prices have been rapidly rising and in most instances the 1944 catalog is obsolete. We are willing and even anxious to buy many items listed in the 1944 catalog at full catalog list price. This includes the 1901-S, 02-S, 03-S, 04-S, 17-S on obverse, 1921 and several others of this series. Please submit a list of what you have for sale for our cash offer. This offer is backed by \$25,000 cash at all times in addition to our resources. We predict a brilliant present and a promising future for this series.

The list price is only \$20 but we know of a specimen that recently sold at private sale for \$50. Fantastic? Yes, but compare the prices of only a few years ago with today after going up several hundred to one thousand percent in value. With the growth coin collecting has undergone in the last few years we believe that prices which seem fantastic today will appear cheap within the next year or two. We suggest collectors compare a catalog several years old with the 1944 catalog, then compare the 1944 catalog with the prices we are willing to pay before making a decision as to whether prices today are "fantastic." Remember, we are willing to back up our buying offers with our cash and resources.

COMMEMORATIVE HALF DOLLARS UNCIRCULATED

After being in the "dog house" for several years this beautiful series has come back to popularity with a bang. Demand is very strong and prices are very rapidly rising. It wasn't so long ago when complete sets

were selling at \$300. Now sets bring \$500 to \$600. The number issued on most of these is quite small. In fact many were issued in quantities of 2,000 to 6,000 each. Is it any wonder that they have started up when interest in them was revived? A number are now bringing over catalog list price.

CENTENNIAL AND NEVADA DOLLARS

- 773 1876 Centennial "dollar." Actually a silver medal about the size of the silver dollar. Brilliant proof. Authorized by Congress in commemoration of the 100th year of independence. Obverse, Liberty with sword. A beautiful medal which we think goes very well with the commemorative halves. RARE. Recent record \$21.00.

VERY RARE. In our opinion far rarer than the centennial "dollar." Very seldom offered. Since the centennial recently brought \$21, we think this item should bring \$35.00. Said to have been issued in commemoration of the state of Nevada.
